

AM Mono Antenna Mainboard

Affordable anti-theft protection in a modern, durable design

This AM Mono Antenna-Mainboard AM EAS system offers retailers an affordable and reliable anti-theft solution. The pedestal's sleek open frame blends seamlessly into any retail setting while providing a visual deterrent against theft and delivering superior pick rates in all environments, even noisy ones.

The on-board electronics are contained within the base cover of the primary pedestal, eliminating the need for an external controller and reducing installation and maintenance costs. The coverage area is 3m (9ft 10in) The integrated alarm located in the base of the primary pedestal uses a distinguished audible alarm to notify store personnel if protected merchandise passes through the detection zone and also illuminates red for visual notification.

Retailer Values

- // Provides shoplifting coverage up to 3m (9ft 10in) between pedestals to protect critical assets
- // Delivers superior pick rates in all environments
