Hard Tag Detacher

Designed for quick and efficient removal of magnetic security tags from merchandise at the point-of-sale (POS), this high-strength detaching platform provides security for a full line of products. These detachers are easy to use and can be secured directly to, or recessed into, the POS countertop to maximize space while maintaining high standards of security.

The countertop detacher maximizes space at the POS and expedites throughput with one-handed detaching of magnetic hard tags. It fastens directly on, or recesses into, any POS countertop to prevent removal from the store and features a locking key to prevent unauthorized use.

Retailer Values

// One-handed detaching accelerates checkout and alleviates unnecessary shopper delays

// Extendable coiled cable allows cashiers to detach hard tags on merchandise unable to be placed on the counter

// Compact design and flexible installation options allow maximum use of POS space

// Security lock prevents unauthorized use when POS is unattended
