

## Magnetic Detacher

This easy-to-use, small-profile detacher supports the hard tag portfolio, expediting throughput with one-handed detaching. The detacher can be secured directly to or recessed into any point-of-sale (POS) countertop to maximize counter space.

### Retailer Values

- // One-handed detaching accelerates checkout and alleviates unnecessary shopper delays
- // Compact design and flexible installation options allow maximum use of POS space

### Product Compatibility

Magnetic Strength Hard Tags
